

Connotation Groupings

Directions: I will place you in breakout rooms for 5 minutes. Once there, I will assign you a group of words. Deliberate with your group by putting a 1 next to the most positive connotation, a 2 next to the most neutral connotation, and a 3 next to the most negative connotation. The spokesperson will type your numbered grouping in the chat and we will discuss your findings.

Thin	Disabled	Unique
Slim	Crippled	Different
